417-719-9335

Custom air handling units

Industrial packaged chillers

Gas, steam, and electric humidifiers

Custom air handling units, direct and indirect fired make-up air units

Custom industrial make-up air units and air turnover units

Custom air handling units

Airflow measurement solutions

Venturi valves, room pressure monitors, and room pressure controls for labs

Ventilation products for vehicle and welding exhaust, dust collecting

Custom fabric duct systems for multiple applications

HVAC flow and energy measurement for water, steam and gas applications

Positive pressure chimney systems, pre-fabricated grease duct, draft inducer fans

Commercial kitchen ventilation systems

Specialty diffusers

Destratification fans

Ozone generators for grease duct

Variable frequency drives, motor starters, multi-staged packaged pumps

Stocked in warehouse

Suspension solutions for electrical and mechanical equipment

Stocked in warehouse

Spiral, oval, square ductwork, curbs

Stocked in warehouse

Automatic and manual valves, strainers and hoses

Stocked in warehouse

Industrial dampers

Industrial ventilation solutions

Roof support systems

Industrial rental equipment

Metal and wood dust collectors

Flexible duct
Stocked in warehouse

Custom make-up air units

Gas detection systems

Electric heating and fan ventilation

UV-C lights and light systems
