

Air Movement & Distribution

Fans, louvers, dampers, lab/fume exhaust systems, destratification fans, gravity hoods, HVLS fans, electric duct heaters, kitchen ventilation

GRDs, terminal units, silencers and noise control, security grilles, underfloor and displacement products, OR ceiling systems

MERV, HEPA and carbon filters, containment systems, frames and housings, air purifiers, metal and wood dust collectors

Customized fabric air dispersion systems, drop box diffusers, underfloor air distribution

Ventilation products for vehicle exhaust, welding, fume removal and dust collecting, metal and wood dust collectors

Positive pressure chimney systems, pre-fabricated grease duct, boiler and generator flue, quench vent duct

Oil, smoke and grease filtration and odor control, pollution control units, ozone generators for grease ducts

Corrosive exhaust systems, perchloric acid exhaust systems, lab exhaust fans, air pollution and emission control

Commercial and industrial air curtains with electric, hot water and indirect gas heat and unheated

Destratification fans

Architectural grilles, security products, roof and weather hoods

Specialty diffusers including air nozzles, jet nozzles and drum louvers

Stainless steel custom supply grilles, return grilles, registers, diffusers

Pre-insulated duct systems for indoor and outdoor applications

Commercial kitchen ventilation systems and controls, fire suppression, residential range hoods, make-up air units, DOAS

Industrial dampers

Metal and wood dust collectors

line card

Duct & Accessories

Applied Products

DOAS, RTU, energy recovery units, make-up air units

Desiccant dehumidifiers, evaporative humidifiers, data center products including chillers, CDUs, CRAH/CRAC systems and dry coolers

Custom and semi-custom AHUs with tempering options HW/CW, steam and electric, energy recovery systems

Custom AHUs with tempering options HW/CW, steam and electric, SiteBilt application for retrofit/tight access, energy recovery systems

Custom AHUs with tempering options packaged and split DW, gas, HW/CW, steam, and electric, energy recovery systems, swimming pools, DOAS

Custom industrial makeup air units and air turnover units with tempering options gas, HW/CW, steam and electric

Custom and semi-custom AHUs with tempering options HW/CW, steam and electric, energy recovery systems

Vertical and horizontal fan coil units, chilled beams, CFD analysis

Gas, steam and electric humidifiers, electric duct heaters, RO water treatment systems, controls

Custom packaged chillers, air and water cooled, skid-mounted pumps, reservoir and controls

Vertical stack fan coils, water source heat pumps, horizontal fan coils

Automatic and manual valves, strainers, hoses

Rental equipment including desiccant dehumidifiers, DX units, chillers, heaters, air monitoring

Replacement coils, tube bundles and heat exchangers

Download line card

Controls

Venturi valves, room pressure monitors, room pressure controls for labs, healthcare and pharmacy applications

HVAC flow and energy measurement for water, gas and steam applications

Air flow measurement solutions including thermal dispersion, differential pressure and pitot tube, fan inlet measuring for fan arrays

Heaters
